

The Carlton Road Premises

# News Report

July 2018

In the last report we shared with you some progress regarding the property at Carlton Road. We informed you that our original plan was to turn part of the church basement into offices, but because of difficulties arising due to the construction of the building we have had to rethink all of our plans. We proposed that in view of this we should convert the first floor of Carlton Road into offices.

We are pleased to be able to report that the work has now been completed and we are in the last stages of preparation before we move in. Notice has been given at our temporary offices (Lancaster House) and we will be vacating those premises on 22<sup>nd</sup> August.

The Tiny Trax children will be using part of the space for their Sabbath session temporarily and the Rite Trax children will be using an external venue. The printing department will be moved into the creche room until the current church kitchen has been vacated.

Work is progressing on the Moot. Much of the pub fittings have been removed and in a couple of weeks work will commence on replacing the roof which is in a really bad state of repair. The competition for renaming the Moot is still open – closing date is Friday 27<sup>th</sup> July. Suggestions should be submitted to the National Administration Office, Carlton Road asap.

Please join us in giving thanks for everything that has been accomplished so far and please also continue to pray that Yahweh will continue to provide the finances that will be needed to bring all of the Moot up to a good standard. Just a reminder that donations can be made using the Pledge Forms available from your local leader. If you have any questions about filling these in, please speak to your local leader or contact David Hayes who will be happy to help you. If you are putting money for the project into the offering, please ensure that you write "Building Fund" on the envelope so it doesn't get counted in with the regular tithes and offerings. Thank you.

We would like to say a BIG “Thank you” to all those who have contributed to the work so far. We have been blessed by your generosity and give thanks to Yahweh for His provision. Thanks also to all those who have given of their time and energy to help with this project. It is much appreciated.
